PEPTIDE COMPRISING THE EXTRA-  
CELLULAR DOMAIN OF THE TNF  
RECEPTOR FUSED TO IGG. VECTORS  
AND HOST CELLS

Group Art Unit: 1814

Examiner: K. Carlson

Attention: Linda Smith

Supervisor, Dissemination Support  
Division

Assistant Commissioner for Patents  
Washington, DC 20231

Sir:

RESUBMISSION OF  
REVOCATION OF POWER OF ATTORNEY  
AND GRANT OF NEW POWER OF ATTORNEY

Applicants resubmit the enclosed Revocation of Power of Attorney and Grant of New Power of Attorney and request that it be entered by the United States Patent and Trademark Office. The original document was submitted to the PTO on March 6, 1998 accompanied by an Associate Power of Attorney and a copy of an executed assignment which was simultaneously filed with the Assignment Branch of the PTO.

Applicants' Revocation of Power was returned with a note that it was not accepted because it was not signed by the applicant or assignee. This is not accurate. The document was properly executed by Scott Hallinquist, Senior Vice President and General Counsel of Immunex Corporation, the assignee of the entire right, title and interest in the above-identified patent.

Ownership was evidenced by the attached copy of the executed assignment from former assignee, the Board of Regents, the University of Texas System, to Immunex Corporation.

Accordingly, applicants request that the attached Revocation of Power of Attorney and Grant of New Power of Attorney and Associate Power of Attorney be entered and that applicants be notified of entry as soon as possible.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,  
GARRETT & DUNNER, L.L.P.
